

ENVIRONMENTAL POLICY

Cemento specialises in supplying and installation of bespoke concrete panels. The management and all who work at Cemento Limited are committed to the care of the environment and the prevention of pollution.

The organisation ensures that all its activities are carried out in conformance with the relevant environmental legislation and other requirements relating to the environment which apply to Cemento Limited.

Cemento Limited seeks to promote the use of environmentally responsible raw materials and products associated with the production of concrete panels.

We are also keen to prevent pollution, minimise waste arising, promote recycling, reduce energy consumption, reduce harmful emissions and, where possible, to work with suppliers and subcontractors who themselves have sound environmental policies.

An essential feature of the environmental management system is a commitment to improving environmental performance. This is achieved by setting annual environmental improvement objectives and targets which are regularly monitored and reviewed. The objectives and targets are publicised throughout the organisation and all staff are committed to their achievement.

In order to ensure the achievement of the above commitments, the organisation has implemented an environmental management system which satisfies the requirements of BS EN ISO 14001:2015.

Main Cemento Limited environmental objectives:

- to encourages clients to order FSC or PEFC materials. Target is 80% of all contracts to be FSC or PEFC
- to organise deliveries efficiently. Target – one delivery per project
- to use low emission vehicles for deliveries. Target – all deliveries to be done using electric and hybrid vehicles
- to recycle all waste. Target – all construction and office waste to be segregated into the appropriate streams and recycled as per local authorities recommendations.
